

Origami Butterfly Instructions

origami-fun
www.origami-fun.com

1. Start with your paper white side up.
Fold in half, open, then fold in half the other way.

2. Now Fold the Paper in half diagonally, both ways.

3. Fold all four corners into the centre and crease well

4. Turn Over and Fold all four corners into the centre again.

5. Your creases should look like this. It looks complicated, but dont worry!

6. Fold the outside edges into the centre line

7. Holding each inside edge from the point at the centre, bring these edges out to the points shown.
Then, fold the top edge downwards and flatten

8. Rotate the model, and repeat step 7.

9. Fold the top half backwards and flatten

10. Fold down the front outside corners

11. Fold these outside corners inward as shown

12. Fold the butterfly in half

13. Now fold the top layer backwards, at the angle shown.

14. And now fold the back wing backwards also at the same angle

15. Open out. Your butterfly is complete!

SADAKO

and the Thousand Paper Cranes

Eleanor Coerr

The Japanese word "Origami" itself is a compound of two smaller Japanese words:

"oru" = to fold
"kami" = paper

The folding of two origami cranes linked together from the first known book on origami Hiden senbazuru orikata published in Japan in 1797.

Origami Tortoise Instructions

Step 1:
Start with your paper
white side up and fold in
half from corner to
corner to make a
triangle.

Unfold.

Step 2:
In the opposite
direction, fold your
paper in half from
corner to corner to make
a triangle.

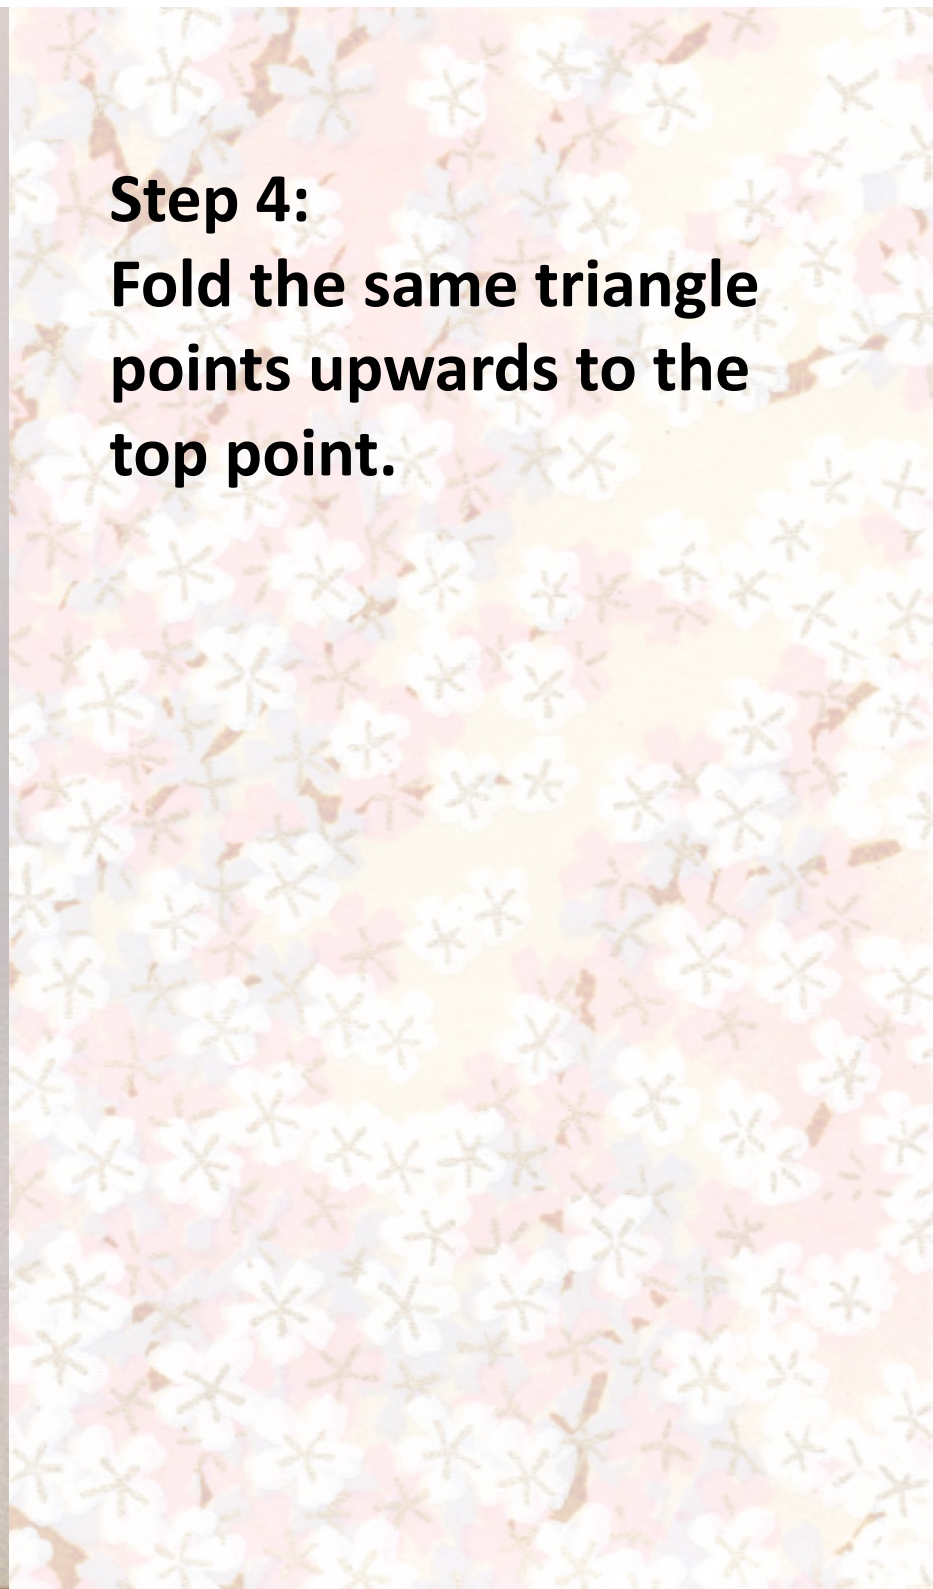

Step 3:
Fold the outside corners
to the center line.

Step 4:
Fold the same triangle
points upwards to the
top point.

Step 5:
Fold only the uppermost
layers of the top two
triangles outwards.

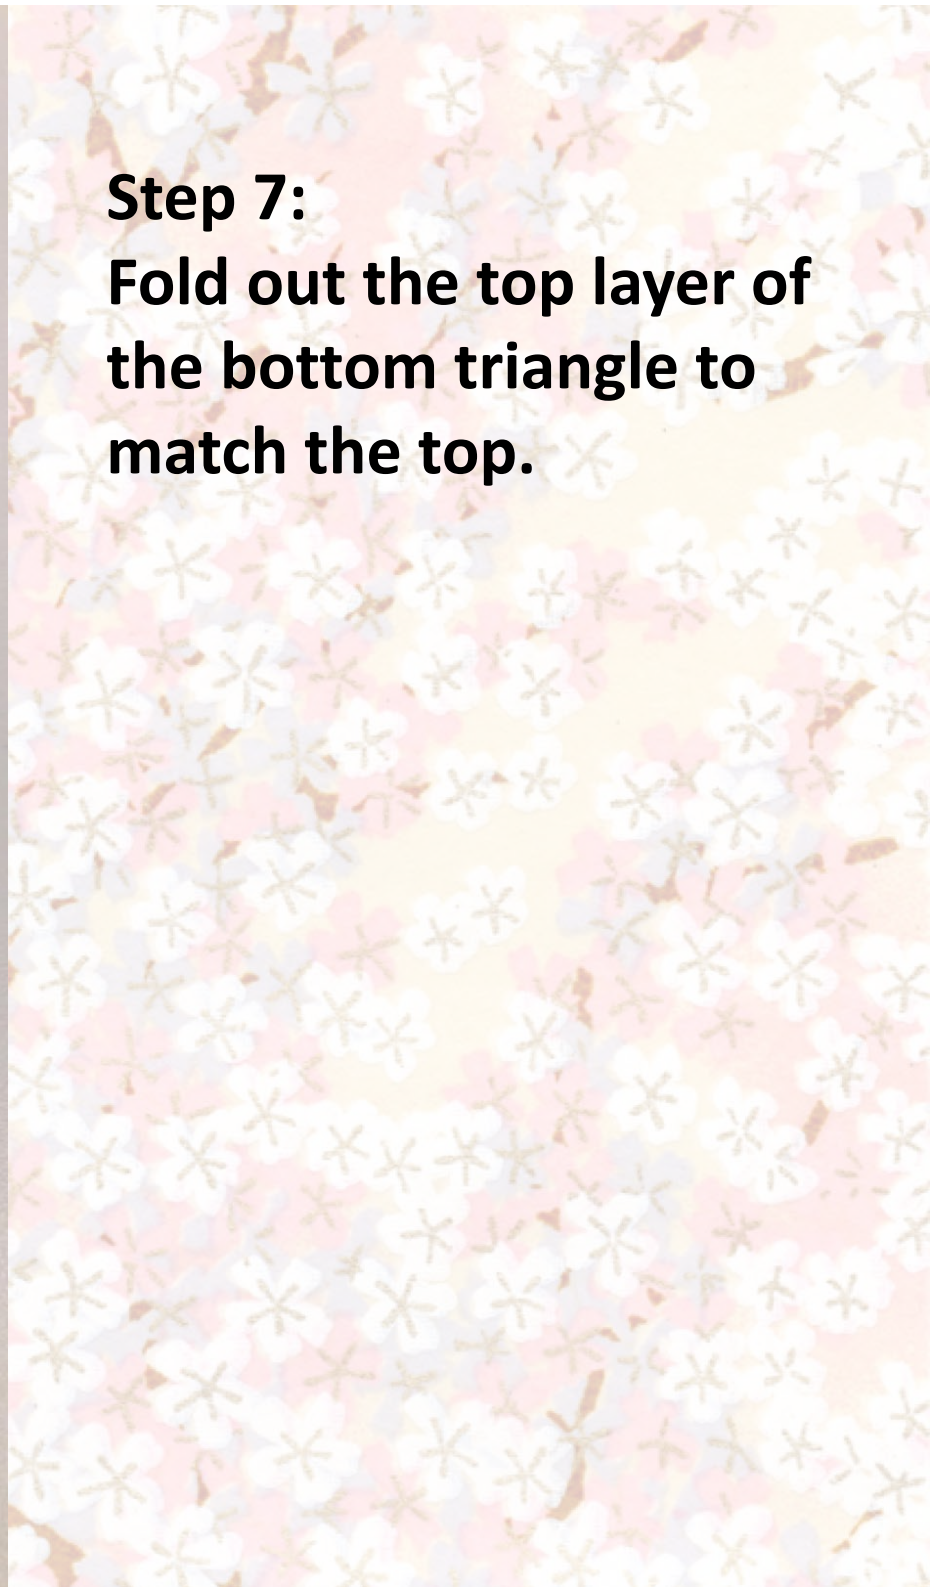

Step 6:
Cut ONLY the top Layer
of the bottom point
along the crease.

Step 7:
Fold out the top layer of
the bottom triangle to
match the top.

Step 8:
Fold the sides in to the center.

Fold the top point in to the center.

Step 9:
On the top triangle, fold
the tip up.

**Optional:
If your tortoise won't
stand up, try using a
piece of tape to hold the
side pieces in.**

**Step 10: Flip over and
you are finished!**

Origami Butterfly Instructions

Step 1:

**Start with your paper
white side up and fold in
half.**

white side up.**

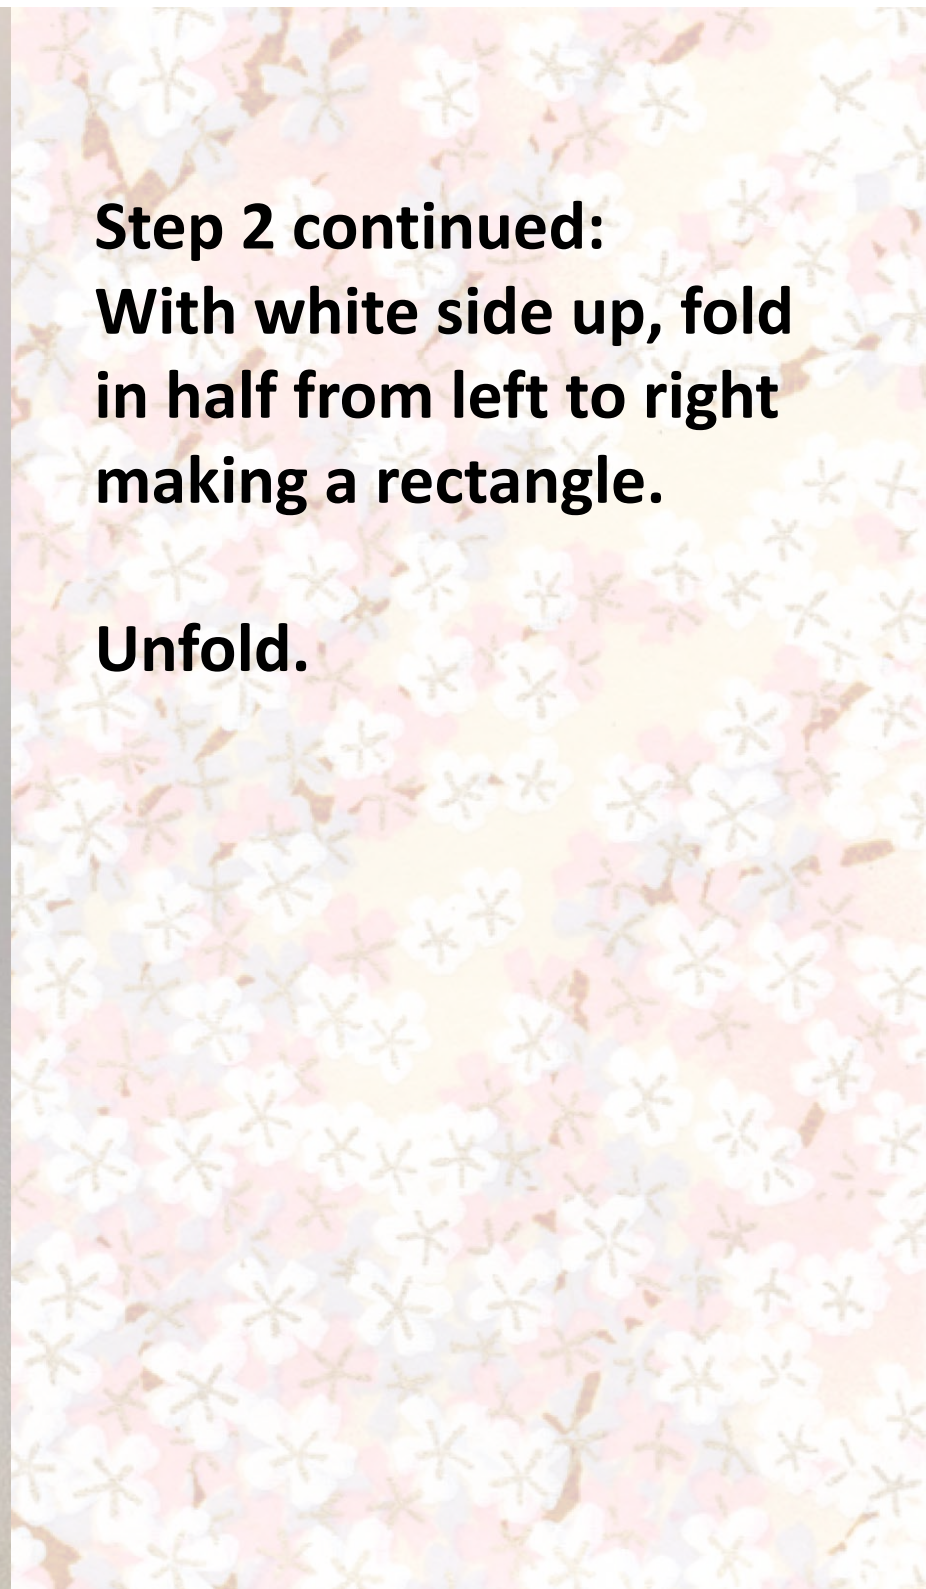

**Fold in half from top to
bottom making a
rectangle.**

Unfold.

**Step 2 continued:
With white side up, fold
in half from left to right
making a rectangle.**

Unfold.

Step 3:
**Using the creases you
have made, bring the
outside corners and the
top point to the bottom.**

**Step 3 continued:
This is how it should
look.**

Step 4:
Fold the top layer on the
left side to the center.

**Step 4 continued:
Fold the top layer on the
right side to the center.**

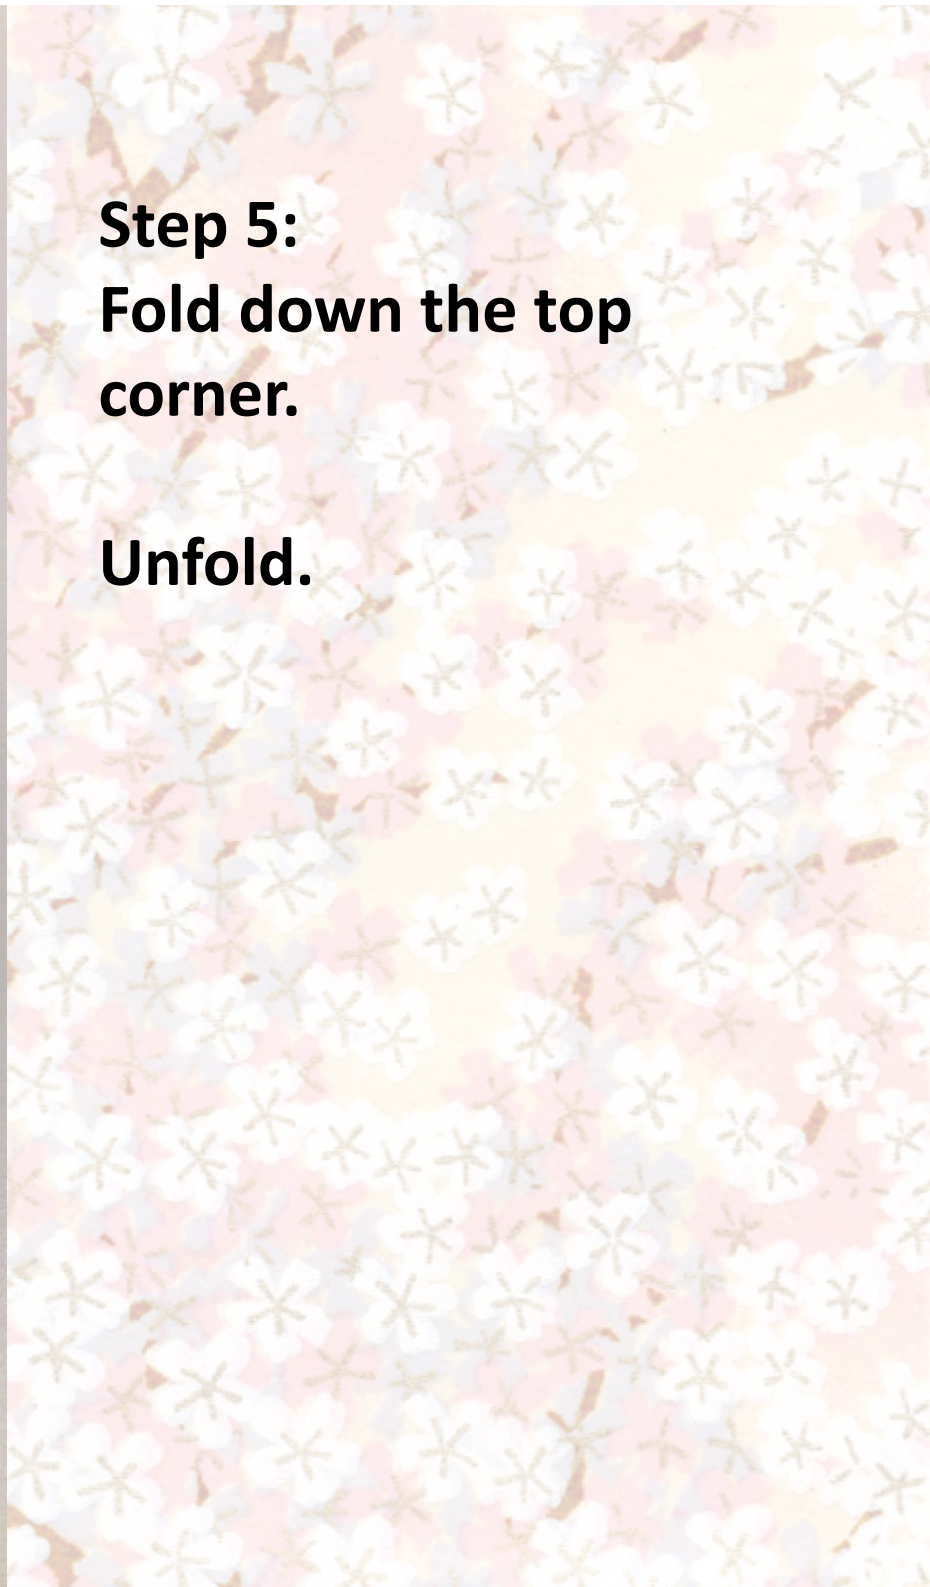

**Step 4 continued:
Unfold both.**

**Step 5:
Fold down the top
corner.**

Unfold.

Step 6:
**Open the top layer and
bring it upward along
the last crease you just
made while bringing the
sides inward.**

**Step 6 continued:
So that it looks like this.**

Step 7:
Turn it over and do the
same thing.

**Step 7 continued:
Fold the top layer on the
left side to the center.**

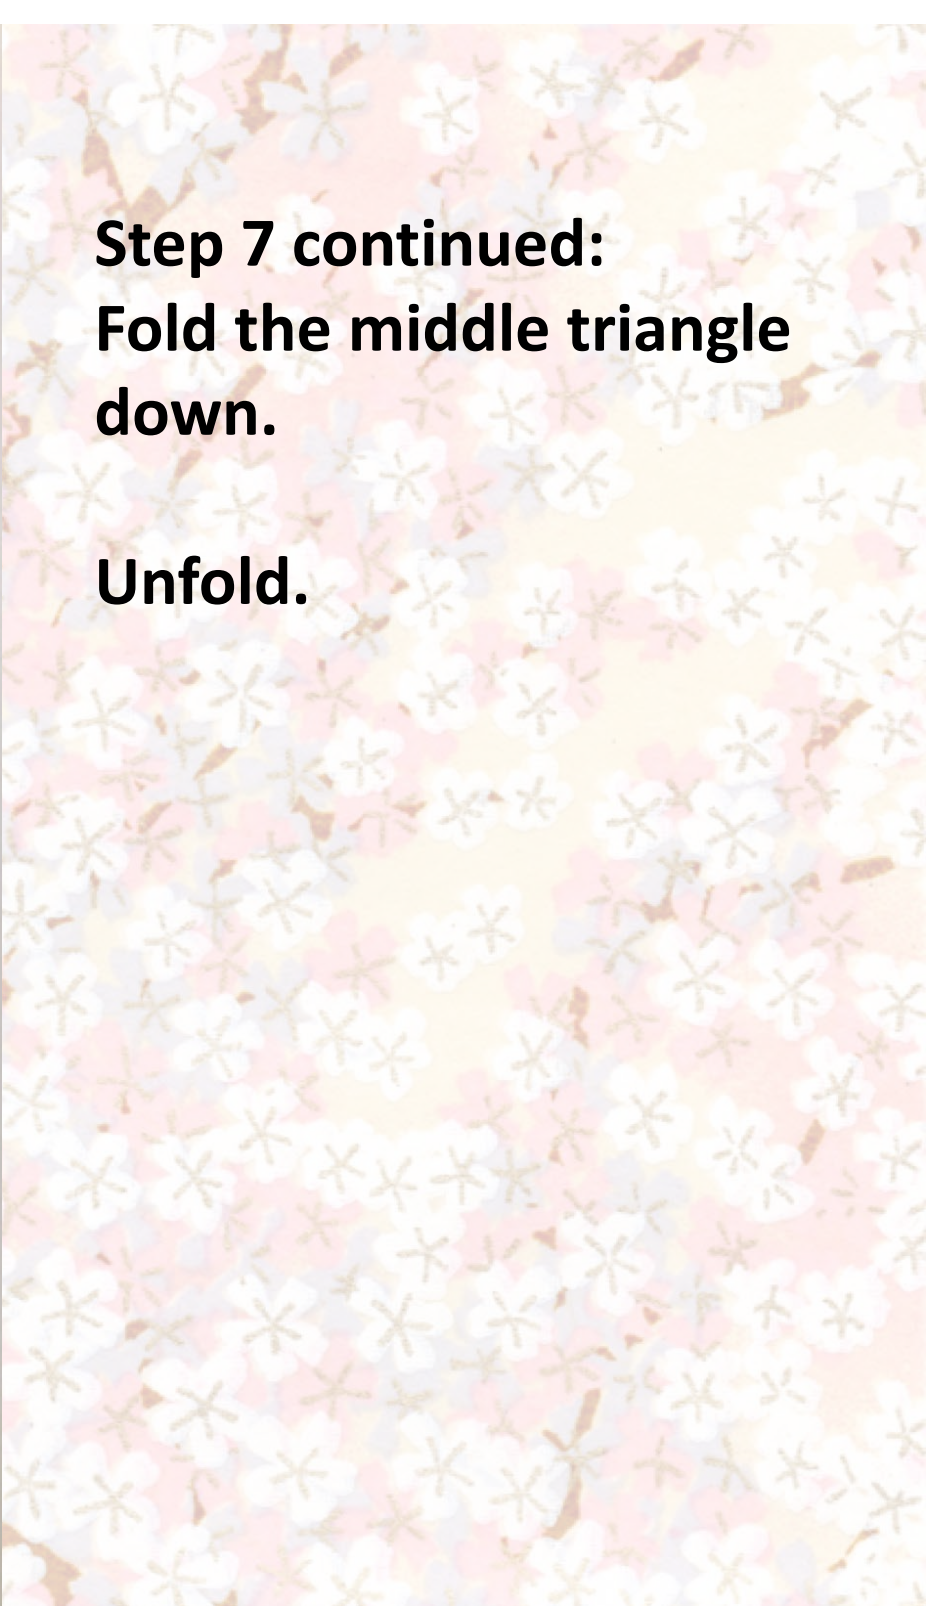

**Step 7 continued:
Fold the top layer on the
right side to the center.**

**Step 7 continued:
Unfold.**

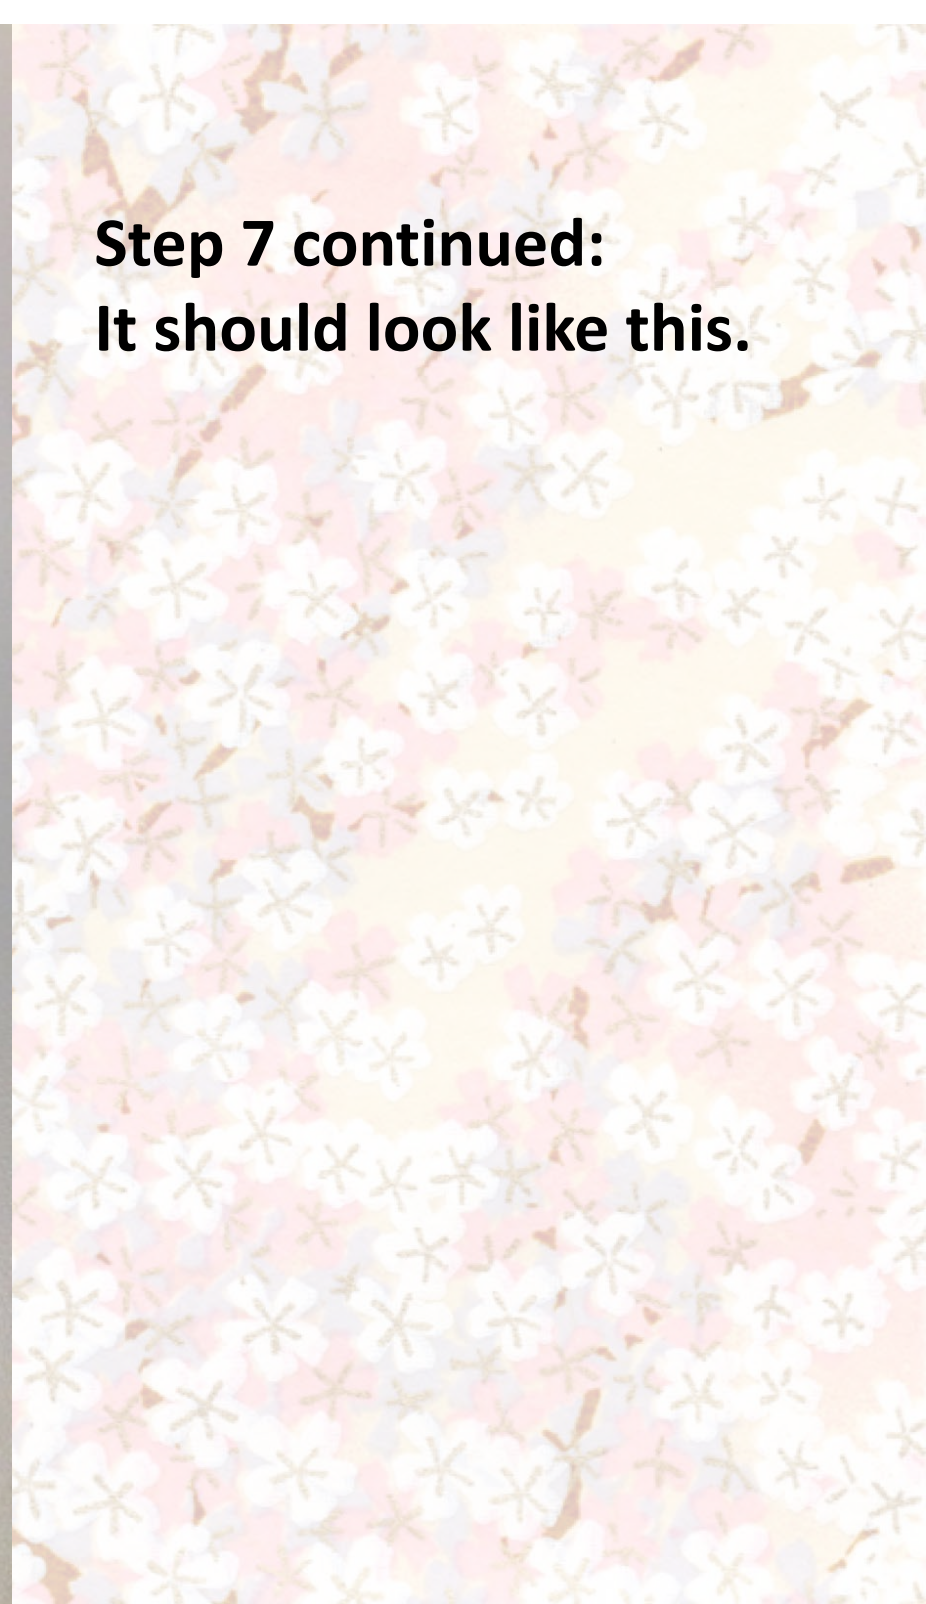

**Step 7 continued:
Fold the middle triangle
down.**

Unfold.

**Step 7 continued:
Open the flap on the
bottom and lift upwards
while bringing the sides
inwards.**

**Step 7 continued:
It should look like this.**

Step 8:
Fold the top layer on the
right side to the center.

**Step 8 continued:
Fold the top layer on the
left side to the center.**

Step 9:
Flip it over and fold the
top layer on the left side
to the center.

**Step 9 continued:
Fold the top layer on the
right side to the center.**

**Step 10:
Fold the left “leg”
upwards.**

**Step 10 continued:
Fold the right “leg”
upwards.**

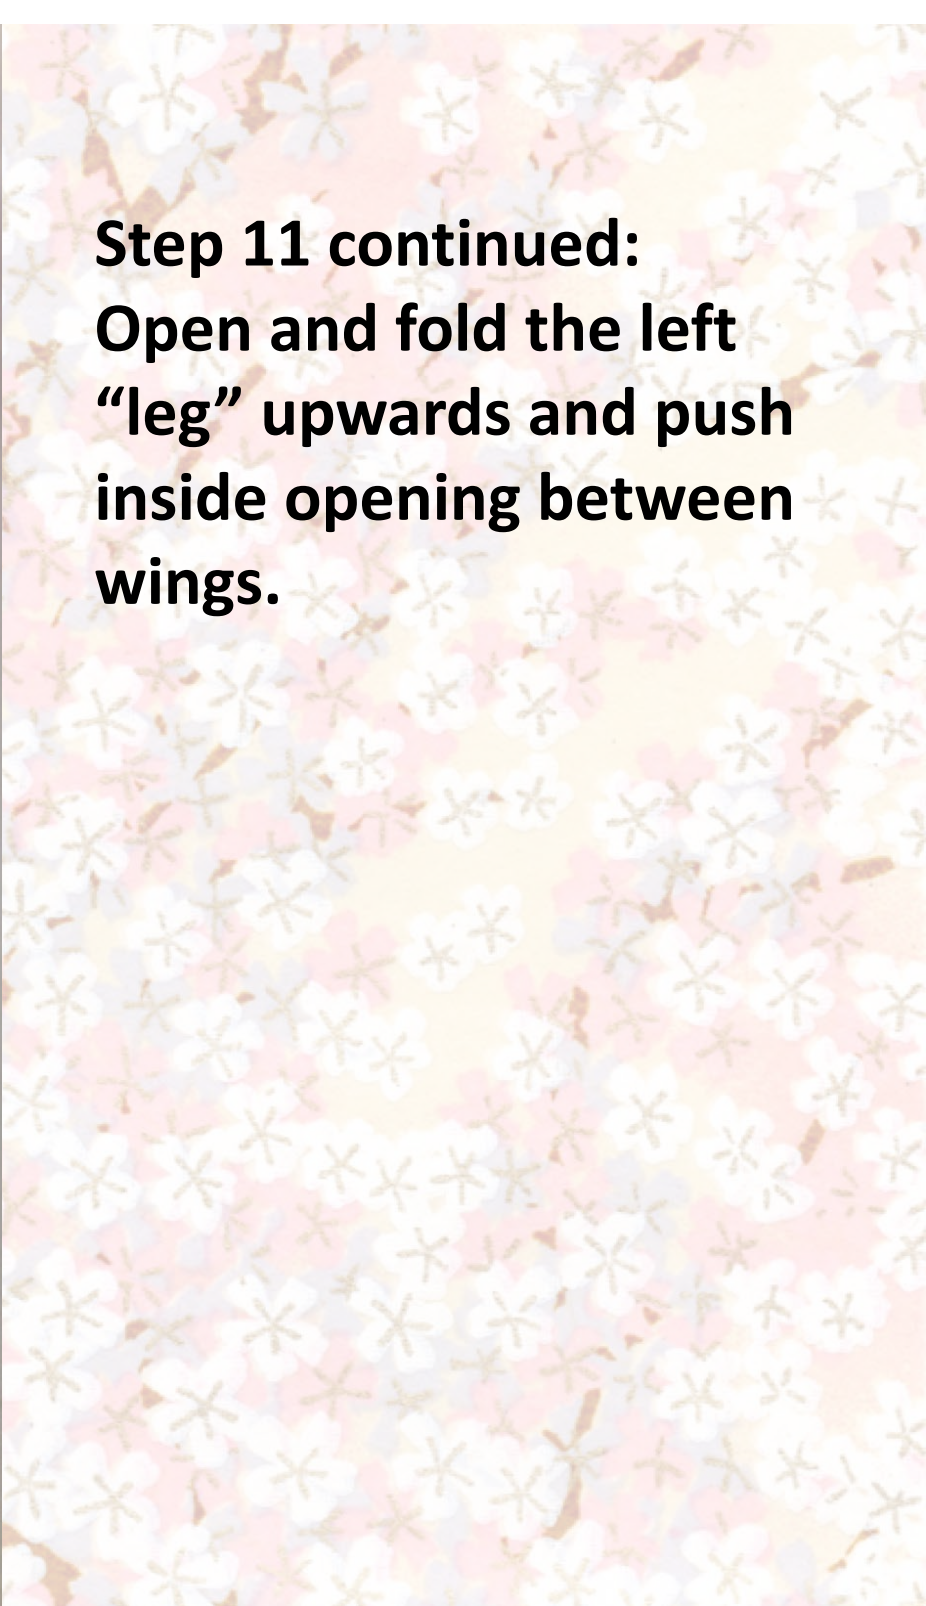

**Step 10 continued:
Unfold.**

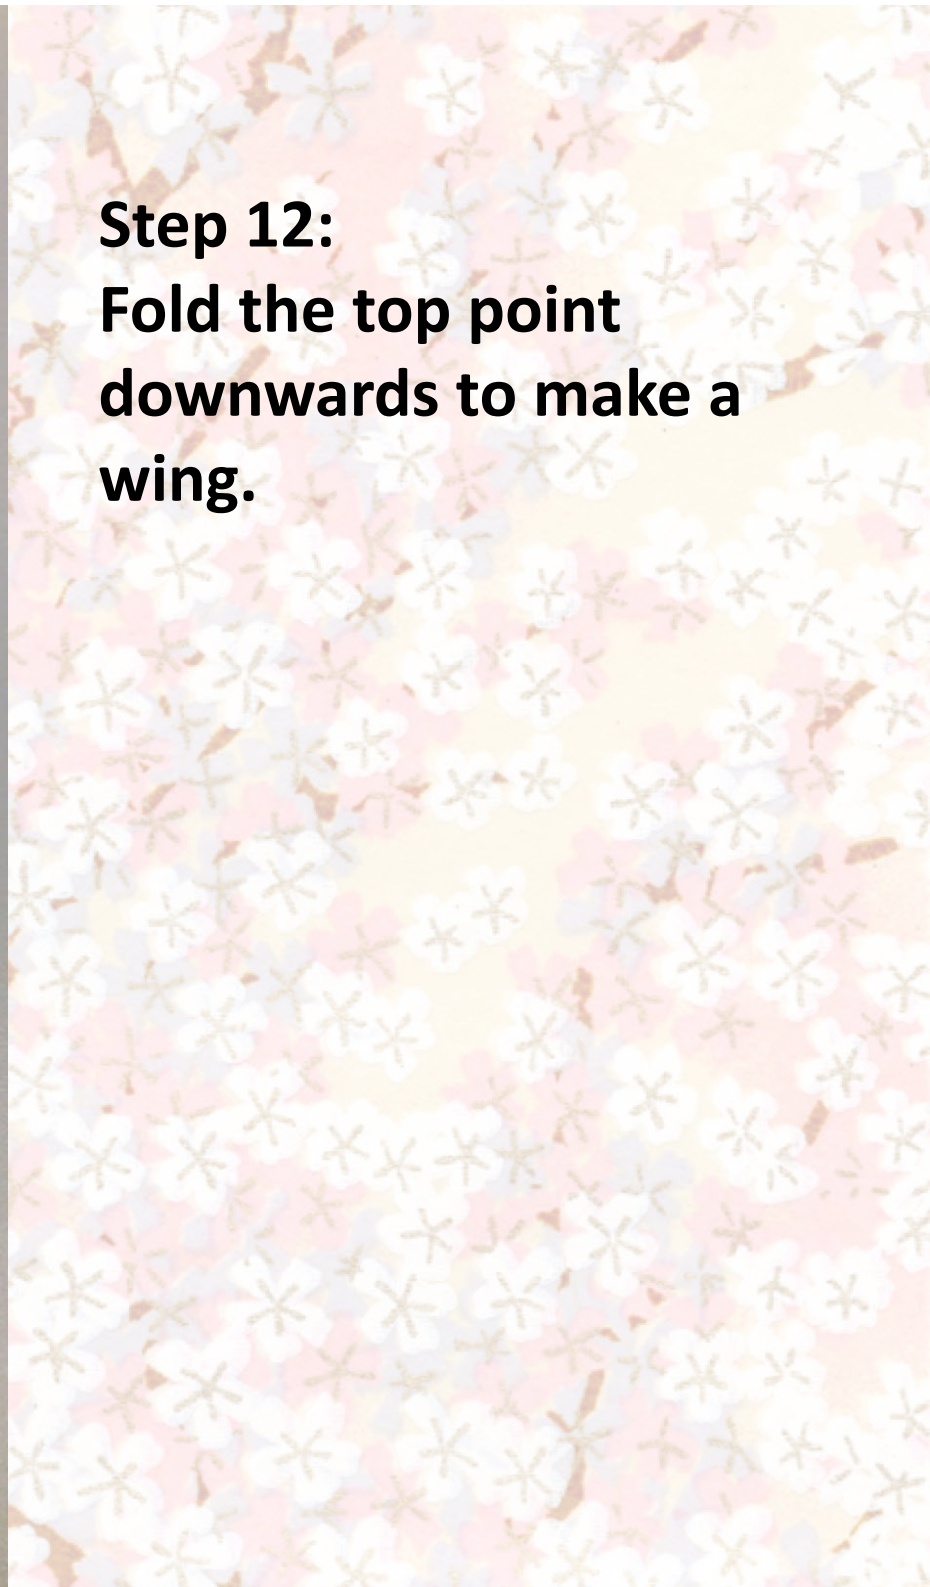

Step 11:
Open and lift the right
leg upwards and push
inside the opening
between the wings.

**Step 11 continued:
Open and fold the left
“leg” upwards and push
inside opening between
wings.**

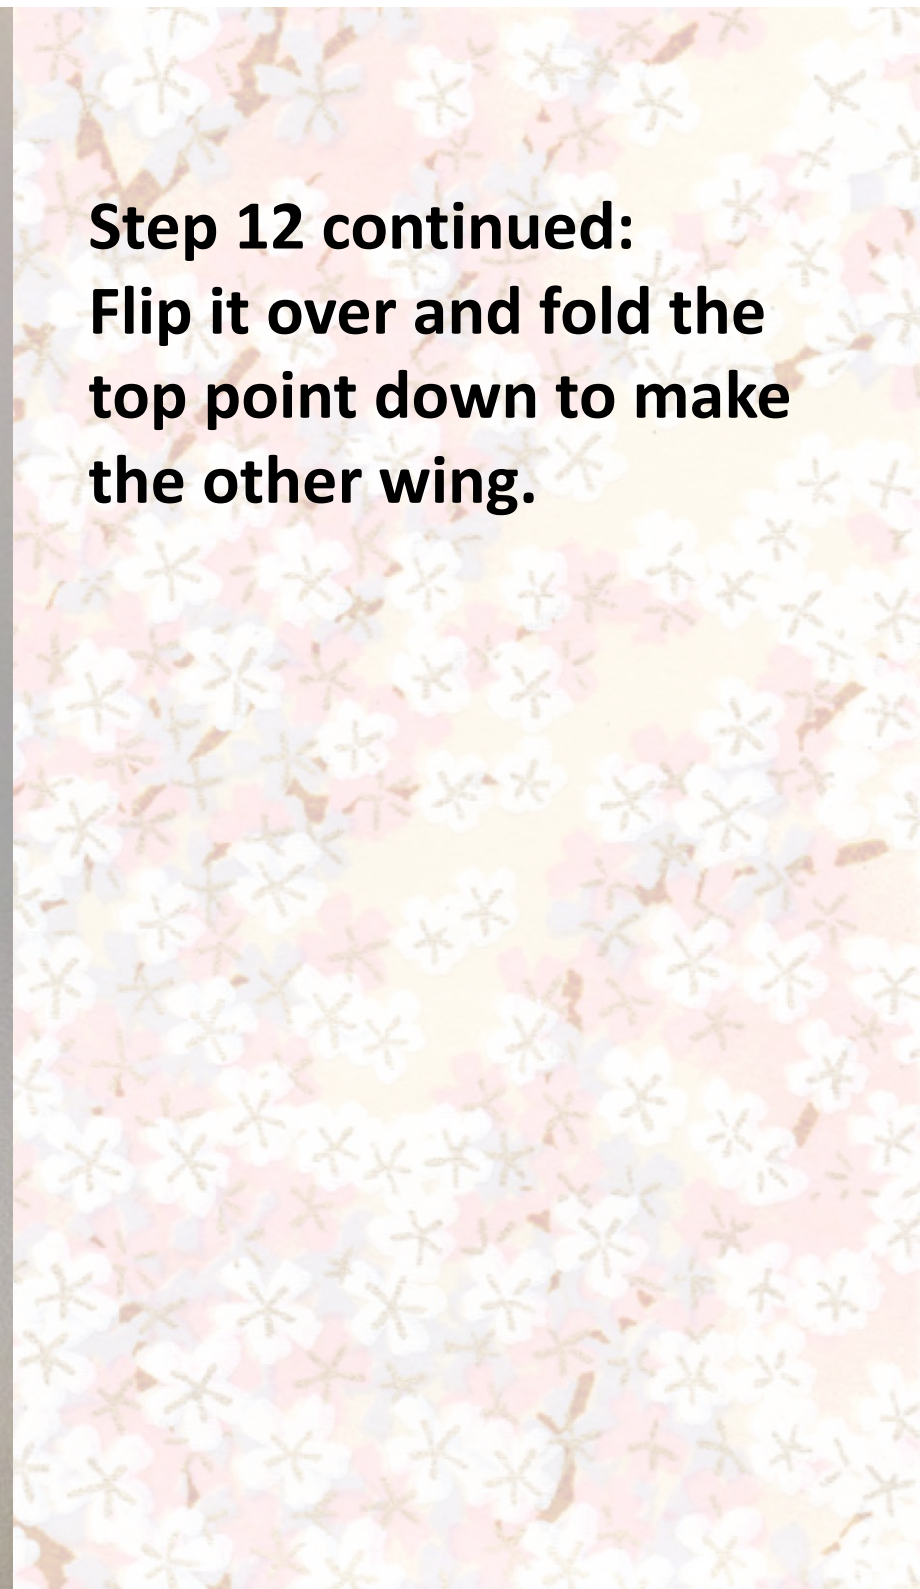

Step 12:
Fold the top point
downwards to make a
wing.

**Step 12 continued:
Flip it over and fold the
top point down to make
the other wing.**

**Step 12 continued:
Fold the tip of one of the
pointy tips down to
make a head.**

You're finished with your crane!
